SO HOT!

A Stylish "Piece" of Glass

Smart Glass Jewelry has been creating beautiful necklaces, earrings and bracelets from recycled glass bottles since the 1990s. The unusual collections have developed an enviable celebrity following that counts Katherine Heigl, Sienna Miller and Leighton Meester among its fans. Now, designer Kathleen Plate has developed a new Smart Glass Collection titled simply "Piece." Going for no waste by using scraps of glass left over from the creation of the company's other collections, it is the same stylish look, but at a lower price point! We like the delicate Piece Lariat and the sexy, dangly Long Earrings.

you won't believe how beautiful a beer bottle can be...
